

Cargie Primary School

Friday 23rd May 2008

Dear Parents/Carers

New Build & Parking

As can be seen building work is close to schedule to join the two buildings together with a corridor, sports Hall and changing rooms. Also included in the build are some changes to the internal layout of the school which means that the week beginning Monday 26th May (Half term) they will be making changes to the infant building entrance and kitchen area. This means that builders will require access to the car park for approximately two weeks!

During this time we would ask parents/carers **NOT** to park or drop off/ pick up on Westbourne View as it will be very congested and will both be a danger to the children and cause huge inconvenience to residents.

We are stressing to our children how important it is to keep away from the fenced off building site and would appreciate it if you could also stress the dangers of keeping away from the school site during non teaching hours and over the holidays.

Sports day

We are (weather permitting!) holding our Sports Day for the Infants on Tuesday 8th July and the Junior Sports Day on Thursday 10th July both in the afternoon.

Monday 21st July

On this day school will be closed to children but it will be open to parents to have the opportunity to talk to their child's new teacher, see people from the Citizens Advice Bureaux, the police reference security, school nurse, free information about childcare and Early years, Adult Education, The Fire Service, Sport in the area etc More details to follow next Half term.

Mid Day Supervisors

Currently we are looking for anyone interested in working as a Relief Mid Day Supervisor – someone who could come in at short notice if we have any absences. Anyone interested please see Mr Mellor.

PTA

A big thank you to the PTA for all the hard work that they have been putting in over the last few months. They are also organising a School Disco (with a summer theme!) to take place on **Thursday 26th June**. Again we will send out more details nearer the time

INSET Day

School will be closed on Friday 27th June and Monday 30th June for INSET training.

Lastly have a good Half Term break!!

Yours sincerely

Rob Mellor
Headteacher
