Sports Days

Please note that these are very dependent upon the weather as if it is raining they will have to be postponed till the next day. Also if I could remind parents that if (and I'm not holding my breath!) they are wonderfully hot summer days we'd appreciate it if you could send your child in with sun cream (for them to put on themselves) and possibly a hat / cap!

School Disco

We will again be having a summer disco for the whole school on Thursday 26th June and will be splitting the times for our infant and junior children. The school PTA (Parent Teacher Association) will send out more details shortly. Any extra support would be appreciated!

Parents Open Day

This will be on the "last day of term" the 21st July when the school will be closed to children but will be open for parents to come in with their children (if they wish!) to talk to people like the school nurse, Sure Start representatives, services that offer support on domestic abuse, the fire service- how to keep your home safe, Adult Education courses etc We hope this will be a very productive day more details and other providers later!

Bug Busting Kits

Your child should have come home last week with a "nit comb" and advice as to how not to get nits! We are running this along with the Nursery in an effort to reduce the number of cases of nits at the two buildings. Please read the information and use the combs as advised! Thank you.

Cancer research

A parent has asked me to make you aware of a Toy Sale / Sponsored Walk that is happening on Percival Crescent at 2.00pm on Sunday 6th July to raise funds for Cancer Research. I hope that you may be able to support this worthwhile cause.

Yours sincerely
